

New Frailty Learning Pathway

Clinical Education
Centre

Business Services Organisation

The HSC Clinical Education Centre presents the updated Frailty tier 1, 2 & 3 Programme

Frailty is a recognised long-term condition that becomes more common with age. “Frailty is everyone’s business,” (NI Frailty Network) and that all staff should know how to respond when supporting someone living with Frailty.

The new Tier 1, 2 and 3 Frailty Learning Pathway offers a structured approach for all roles and experience levels. The programme builds awareness, skills and confidence to support older adults through holistic, person-centred care—helping improve outcomes for people living with Frailty.
